

# New Ringlok® Instructions (RL-CJ6)

## ASSEMBLY

1 Place the Ringlok® on the paint can.

2 Using the palms of both hands, concentrate on one end of the ring and press firmly. (This will result in the ring hooking the outer rim of can.)

3 Using palms of both hands, continue to “firmly” press the ring into place and work both hands around the perimeter, until the ring is completely applied.

4 The ring is properly applied when the ring hooks below the can’s rim completely around the perimeter.

## REMOVAL

1 Pry the ring in an upward position using two thumbs concentrated on one area until the ring releases from the can’s rim.
