CLR-110E

This is a one day refresher program that provides regulation update to the **experienced** student. It can also be combined with our AIR100 and IMO110 as a multi-modal course. These three courses can be taken simultaneously or at different intervals but the AIR100 should be scheduled first (consult our public class schedule or your local training coordinator).

- Overview of the federal regulations (TDG) and its application
- 7 steps to compliance
- Use of the ICC guide to the Canadian regulations
- Definition, enforcement, penalties
- Classes of dangerous goods according to the TDG
- Using the dangerous goods list
- Selection of the shipping description
- Packaging requirements
- UN specification packaging
- Marking and labelling packages
- Transport documents
- Placarding
- Loading
- Accidental release reports
- Special cases
- Others regulations
- Quiz

There will be a one hour lunch break at mid-day.

Exercises are used throughout the training to confirm knowledge.
